DETAILED ACTION

Allowable Subject Matter

1. Claims 27, 28, and 30-47 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Claims 27 and 28, as well as their respective dependent claims, are found to be allowable because the prior art of record neither teaches nor reasonably suggests the recitations found therein, including a saxony carpet yarn having a core and wrap of binder material. Specifically, Examiner's opinion is that saxony carpet is more than intended use inasmuch as it imparts a necessary strength requirement in consideration of bending rigidity. A Saxony carpet would be subject to certain environmental stresses that are well known in the art, in particular, compression by means of weight placed upon said carpet. The yarn used in such an environment would have to necessarily have understood properties to withstand such stresses. And while the prior art of record may teach yarns and materials similar to those required, the art is silent as to the ability to function as a Saxony carpet yarn, and it is Examiner's opinion that such an ability is neither inherent, nor obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
